OFFICE OF THE DIRECTOR OF CENTRAL INTELLIGENCE

Approved For Release 2004/12/02 : CIA-RDP80R01720R000700090015-6

DATE: 25 August 1972

TO: The Director

FROM: GACarver, Jr.

SUBJECT:

REMARKS:

On 24 August we received a very interesting cable (Saigon [redacted] from Saigon transmitting an analysis of a recent MR 1 activity prepared by a young station officer named [redacted]. The analysis was very good but since it dealt directly with topics that are MACV's primary responsibility, not ours, the cable did not lend itself to ordinary dissemination. I therefore had it dressed up in the attached form so that at least it might be read where it would do the most good.
